Beauty and clarity are the essential elements of Mistley's shower screen collection. Every product we create is designed to support your lifestyle with versatile simplicity and flawless performance.

We are committed to exquisite design, and skilful engineering is instilled in every Mistley shower screen. Over the years we have learnt that from the very best in design, function and customer service, delight and satisfaction naturally flow. Especially when backed up by a lifetime guarantee.

Welcome to your new bathroom.

Welcome to Mistley.

Our guarantee

- All Mistley Shower Screens are guaranteed for their lifetime
- All units are compatible with wet room floors and corresponding size shower trays, except the Spirit quadrant enclosure which comes complete with dedicated tray
- All enclosures provided with underframe are guaranteed watertight
- Customers can expect good lead times and exceptional support

Mistley
Guarantee

Guaranteed
Watertight

Glass

- 10mm thick glass for panels, bath screens, hinged doors & enclosures and Grace sliding doors
- 8mm thick glass optimises long term performance of Memphis sliding doors
- Spirit quadrants are 6mm elegantly curved glass
- Optional ClearShield® glass protection
- Misted modesty bands and complete Misting for 10mm and 8mm glass
- Coloured glass options for 10mm and 8mm glass

Metal finishes

- All shower screens are polished chrome
- Polished Nickel, Brushed Nickel and Antique Gold available on request

Your Space™

Our made to measure service. You imagine it, we'll help you to create it.

- Special widths and heights
- Glass can be cut at angles, tapered, notched and ceiling fixed

Shower trays

The Mistley range of shower trays is British designed and made to the highest standards – the ultimate choice for your Mistley shower screen.

Ordering your shower screen

To ensure successful installation, Mistley recommend that all shower screen measurements are taken once the tray/tiled floor system is fitted and the walls are tiled.

It is important that walls are square and that the tray/floor is level. If this is not the case, please provide details at the time of order.

Measure & fitting service

A complete measure and fit service is offered, ensuring an installation by experts:

- Site survey and measuring
- Installation

Mistle shower trays (see page 98)

Your Space™

Our made to measure special shower screens

Because the ideas and requirements for your bathroom are unique, we're here to respond and help guide you in realising your design.

Glass

You are free to specify:

- Widths and heights*
- Shape: angles and notches
- Clear or Misted options: modesty bands or fully misted glass
- Coloured glass

Glass can also be ceiling fixed.

Finishes

Choose from a range of finishes: Chrome, Polished Nickel, Brushed Nickel and Antique Gold.

Handles

Enhance the individuality of your shower screen with your choice of handle from a range of designer styles. Glass can also be altered to accommodate an alternative handle that you would provide.

Measure and Fitting Service

To ensure an expert installation, take advantage of Mistley's complete measure and fit service.

It's **Your Space™**, your choice.

** We will always advise on the maximum size of individual pieces of glass to ensure that your shower screen is correct within the tolerances of our fittings.*

Please note, not all the above options are available for Sliding Doors. We can advise you about availability on request.

Opposite page:

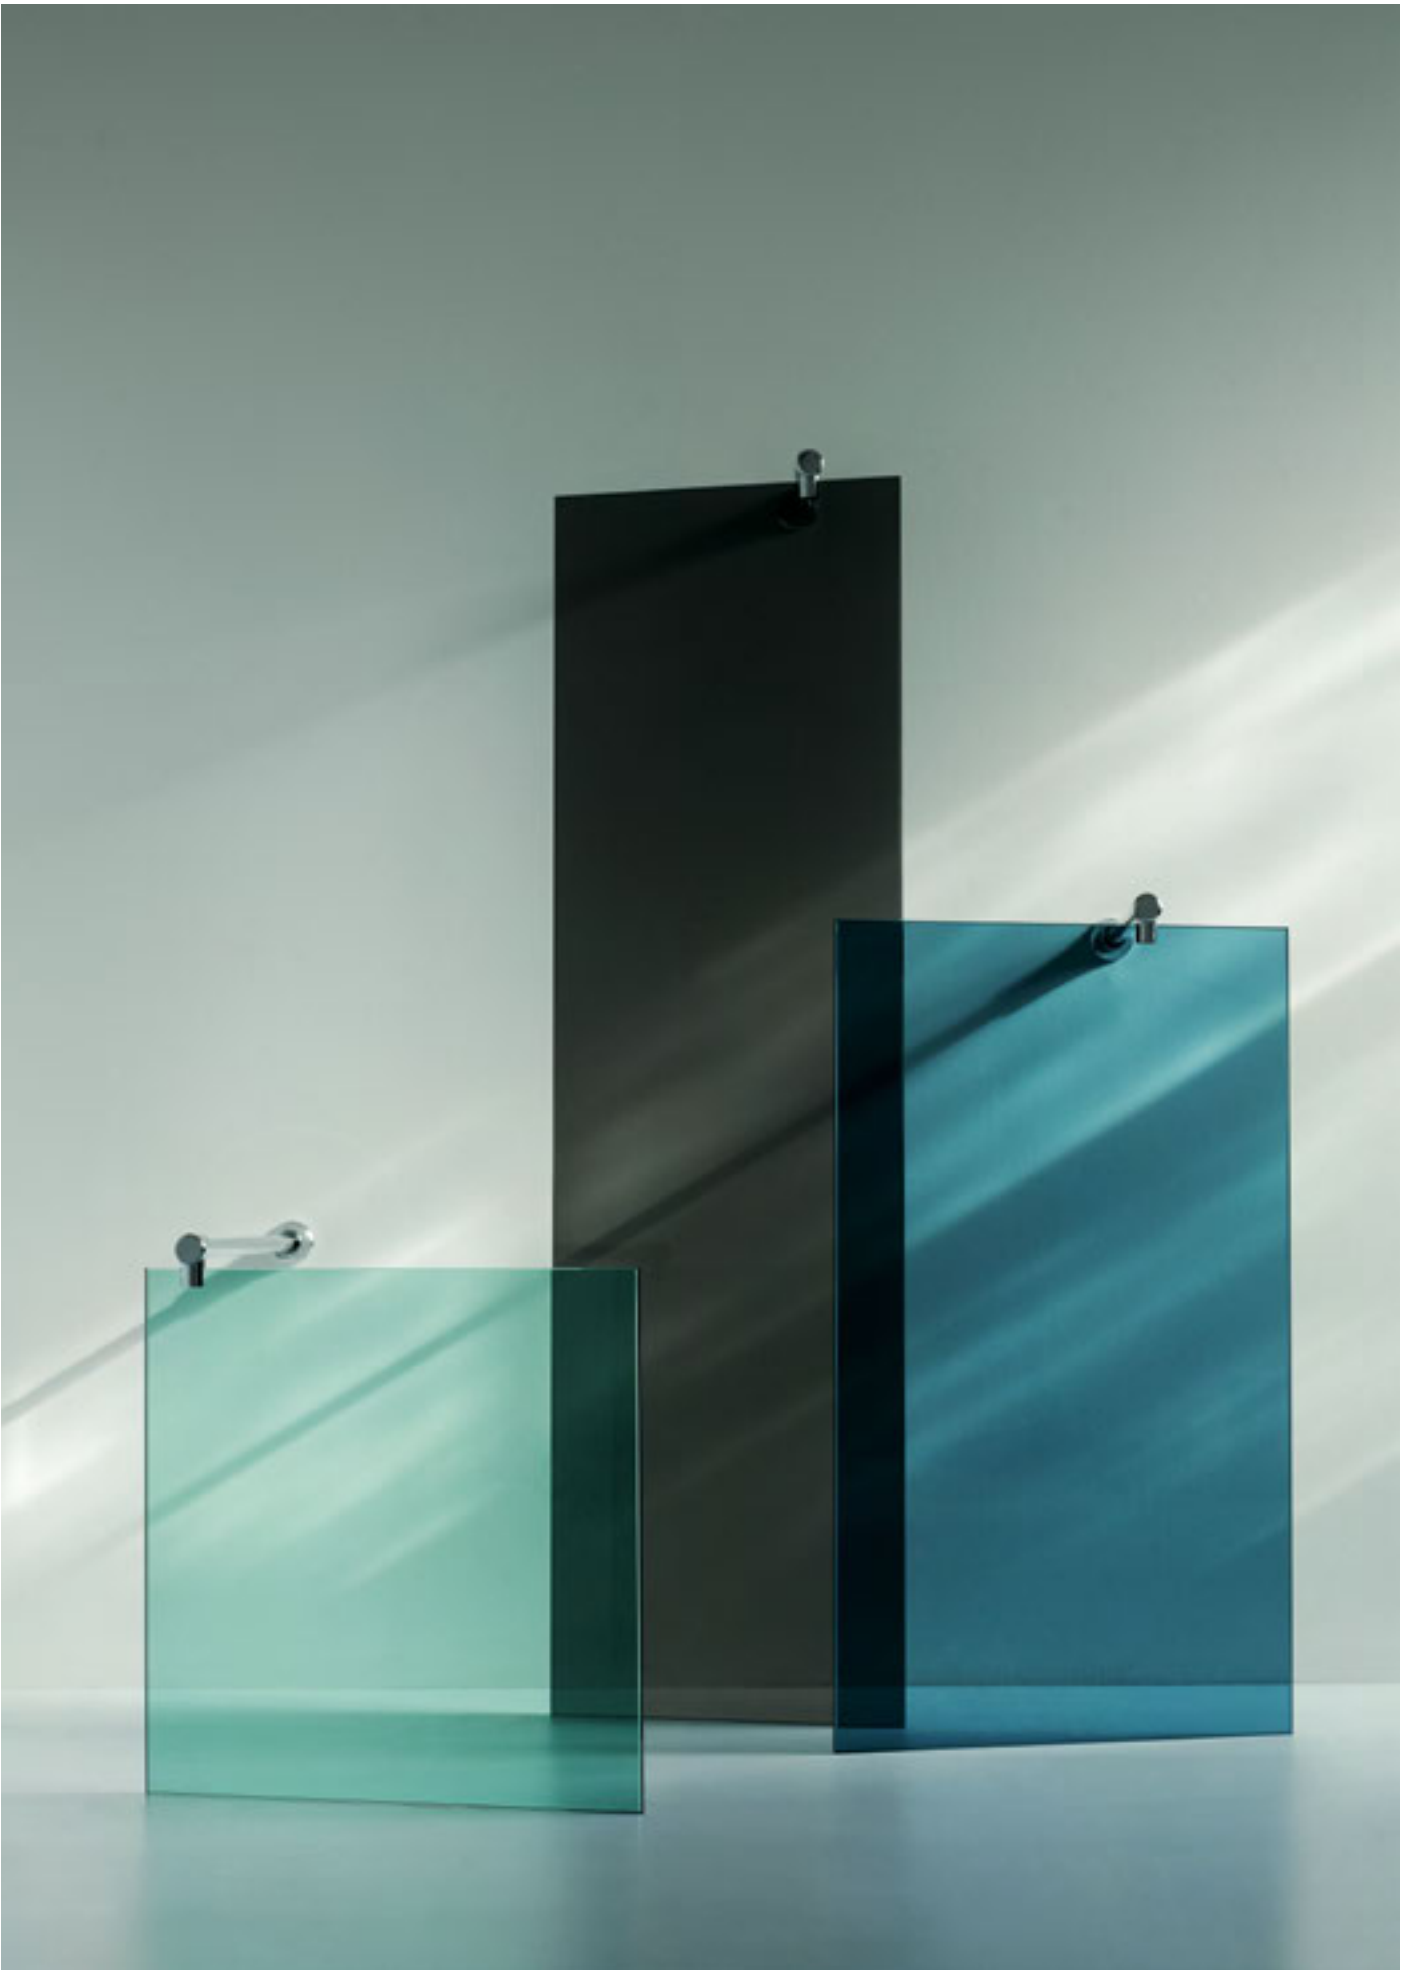

Coventina Made to Measure, shown Left Hand Hinged with Long D Handle

Mistley

Features & Fittings

Angle Cut

Notch

Glass

In addition to Mistley clear glass, coloured glass is available in Charcoal, Green, Blue and Chocolate. Memphis sliding door colour options are Charcoal and Chocolate. Misted modesty bands and completely Misted glass are also available. The curved glass of Spirit quadrants is always clear.

Mistley toughened safety glass is 10mm thick, except Memphis sliding doors which are 8mm and Spirit quadrants which are 6mm. All glass conforms to BS EN 12150, BS EN12600 and ANSI Z97.1-2004.

ClearShield® Glass Protection

Make cleaning easier and quicker. This protective barrier seals the surface of the glass and encourages the water and soap residues to run off.

ClearShield® glass protection is available as an optional extra.

Your Space™

Glass can be angle cut to suit sloping ceilings and tapered to allow for irregular walls and floors. Notches can be cut to accommodate your design and to clear existing furniture and fittings.

Glass

Misted Glass

Misted modesty bands and completely Misted glass are available.

Oona shown with Misted modesty band

Athena shown with fully Misted glass

UV Bonded Glass

For the most minimal look, UV Bonding allows two pieces of glass to be joined without the use of metal brackets. The clear resins used to create the bond provide an incredibly strong, invisible join.

UV bonded panels are available on request. An on-site UV bonding service is also offered, allowing for installation where access is restricted. Large panels should be UV bonded on-site to overcome access difficulties.

Contour Handle

Short D Handle

Long D Handle

Handles

Standard

Your Mistley standard door comes with its own style of handle, but an alternative choice is available if requested. Please specify the handle style with your order:

Hinged doors – Short D, or Contour on request

Grace sliding doors – Contour, or Square Finger Pull with chrome trim on request

Memphis sliding doors – Round Finger Pull with chrome trim, alternatively on request Polished Round Finger Pull or as an optional extra Long D price on application.

Mistley handles are high purity stainless steel Grade 316, except the Contour which is chrome plated brass.

Your Space™

A choice of designer handles is available for you to specify when your shower screen is specially made to measure. With the exception of the Polished Round Finger Pull, the handle is included in the price of your Mistley shower screen.

Shower tray shown with Memphis

Shower Trays

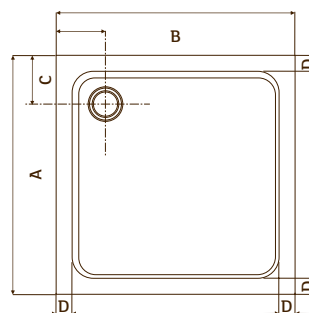

Mistley offer our own range of shower trays. Choose from White, Black or use our colour matching service. British designed and made to the highest standards, these are the ultimate choice for your Mistley shower screen.

- Versatile installation: can be installed flush with the floor, flat to the tiled surface or raised on an adjustable leg set
- 40mm low profile optimises a minimal, contemporary look
- 60mm wide flat edge, allowing plenty of adjustment for an exact fit
- Acrylic capped ABS with stone cast resin interior
- Leading edge materials and processes ensure:
 - Impact strength, rigidity and durability
 - Anti-bacterial surface
 - Crisp edges and sharp corners, allowing for a perfect finish
 - Tight size tolerances and a level base to within 1/2mm for flawless installation
 - Mistley trays are up to 15% lighter than most stone resin trays, without compromising on quality
- Optional superior flow rate McAlpine waste with cover caps to match Mistley metal finishes
- Guaranteed for life

Shower Waste

Mistley shower trays are offered with two high flow rate waste options, made by British manufacturer McAlpine.

Waste 42 Litres:

provides a flow rate of 42 litres per minute using a standard 1½" outlet pipe.

Waste 50 Litres:

provides a flow rate of 50 litres per minute using a 2" outlet pipe.

Both waste options are available with cover caps to match Mistley finishes as well as white.

Mistley shower wastes are optional and all trays are compatible with standard 90mm shower wastes by other makers.
